

11 × 10 × 3 1/8 in. (27.9 × 25.4 × 7.9 cm)

## Pierced Vessel

### Date

1973

### Primary Maker

Rick Dillingham

### Medium

pit fired earthenware

### Description

Rounded bulb-like vessel with a small cylindrical neck. The neck has systematic holes pierced at strategic points to line up with one another. The piece is pit-fired, its terracotta surface has dark irregular spats throughout. There are small losses throughout the vessel's surface.
