

Toucan Painted Wood Sculpture

Date

n/a

Primary Maker

Gustave Baumann

Medium

Hand painted wood

Description

Sculptural montage of six wooden carved toucans perched upon a stand of curlicue branches and two free standing toucans. The toucans vary in size but are all painted with a same color scheme (green bodies with yellow, orange, and black detail, eyes of yellow, white, and black, and blue beaks). The golden-tan branch-like

perch has a stand beneath it.

Dimensions

13 3/4 × 11 5/8 × 2 3/4 in. (34.9 × 29.5 × 7 cm)
