Description

Artist's proof of a courtyard scene. A large tree at the right of the print obscures part of a small adobe home on the left. The corner of another adobe structure peaks out from under the tree on the right and from behind the tree's trunk. Two hornos ovens appear in front of the building on the left. Small male and female figures are depicted carrying buckets, trays, working by the hornos and resting under the tree. Fences and vegetation surround with mesas in the top left horizon.
