

Basic Detail Report

Design for Radiator - Bird and Dogwood (1)

Date

early 20th Century

Primary Maker

Eugenie F. Shonnard

Medium

pencil on paper

Description

Pencil sketch of ten birds within a floral background. The furthest birds on the right are in a group of three. The lower right hand corner has a pair of birds perched on a branch facing each other. The further bird to the right touches its beak to the other bird's face. Above and to the left of this pair, another bird faces to the left and holds an object in its beak that is shaped like an upside-down U, perhaps a worm.

Dimensions

Image: 18 1/8 x 70 in. (46 x 177.8 cm)
