

Untitled (Two Sided Relief)

Date

n.d.

Primary Maker

Eugenie F. Shonnard

Medium

stone

Description

A two-sided stone bas-relief. One side features a flower like shape with two concentric circles surrounded by twelve petals. Two wavy lines come up from the top petal, this flower shape is outlined in a ridge with five large bumps and two smaller ones. The other side is an abstract design that somewhat resembles a butterfly.
